

Come Join The

Hauppauge Robotic Eagles

What we do - We work with advisors, mentors and engineers to design, build and test a robot in just 6 weeks. We travel and compete on the local, regional and national levels. For more information check out our website: team358.org

What it can mean to you:

- ~ Being part of an award winning Robotics Team with FIRST
- ~ Gaining some of the skills that will make you successful after High School

We meet at night so there's no interference with other after school activities.

We need members who love Technology, Science, Math, Media, Art and Business, as well as meeting new people from all over the US and other countries with gracious professionalism

Your \$25 dues entitle you to:

- ~ A team tee shirt
- ~ Entry and transportation to the local competition
- ~ Unlimited hours of fun!

Please choose to be part of our success... Join us for the 2014-2015 Season.

(Please return this portion with \$25.00 by 10/1/14. Make checks payable to Hauppauge Robotics Parent Booster Club)

My parents & I understand that to travel with the club I need to make a meaningful contribution at meetings, volunteer at events (Homecoming, Oldies Concert, etc.), provide baked goods and beverages as needed & maintain a respectful and gracious manner while having fun.

Student Name: _____ Phone #: _____
